

The BIG Burly Project

BURLESQUE = TRANSFORMATION + EMPOWERMENT®

The BIG Burly Project is committed to sharing the art of burlesque as a vehicle to self-discovery, greater self-esteem, and personal empowerment to women who find themselves at a crossroad in life.

As part of FIRE, a local non-profit organization, we pledge to seek out financial support, and grants, which will enable us teach the art of burlesque at low or no cost to women in need, including those recovering from the trauma of domestic violence, cancer survivors, veterans returning from active duty, those who have tested HIV+, MtF trans women, and those others who feel the need for help to complete a positive transformation in their life.

Simply put: Art feels good!

This is why we are dedicating a portion of our volunteer resources towards producing special entertainment and arts programs for the community. From shows for Veterans and their families at the VA Medical Centers, shows specifically aimed at the LGBTQiA community, plans for a weekly Creative Wellness series, and working with women in transitional phases of life via our Pin-up Empowerment Workshops; we're ready to share, teach, and inspire.
